Welcome

Welcome to the final edition of the SEN newsletter for this academic year, and what a year it has been!

I have never seen a period like the one we are experiencing at the moment, but I am impressed by the resilience of our young people and the support they have been offered by you as parents and carers.

As we move into the summer holidays it is important that everyone takes the chance to re-centre, relax and be ready for the new term in September.

When we return initially there will inevitably be some changes and a different way of operating but as always the SEN team and I will be on hand to support.

Best Wishes

Mr P Hostead
SENCO

Welcome back

When we return in September we will be welcoming back Miss Sharred after her maternity leave.

You may also not have met two newer members of the team, Mrs McCormack and Mr Brooker who will be with us when we return in September.

Free Resources

The SEN Resources blog has some great resources and activities that will help with the transition back to school for children and young people. Below is a list of resources that you may find helpful:
